The Psyche and Eros Relationship Potential Report

The Psyche and Eros Relationship Potential Report is comprised of the first two sections of the complete Psyche and Eros Relationship Analysis. This abbreviated version of the complete report describes the emotional needs, temperament, hang-ups and issues each person brings to the relationship. For an analysis of the compatibility of these individuals, see the last two sections of the complete Psyche and Eros Relationship Analysis. This can also be accessed separately as the Psyche and Eros Compatibility Analysis.

Virgo on 7th house cusp

You are a dreamer - emotional, sensitive and intuitive. You can be a loner. You tend to form personal ties with people you meet through work - either yours or theirs. An ideal relationship for you would be intimate both personally and professionally.

You like to think of your partners as perfect so you may mind it less than most would when they tend to be rather critical of you. Usually, they are gentle and reserved and far more practical than you are. They take care of the little details you often forget.

Your dreams, ideals and speculations about matters which transcend day-to-day living are so central to your existence that any person you feel close to must be someone with whom you can discuss these ideas since no one else seems to understand them.

Your partners are bright, verbal, curious people who, on the surface may not appear to have a great deal of emotional depth. However, they connect with you intellectually and that tie appears to be the channel through which you can share emotionally.

Mercury, Ruler of 7th house, is in 2nd:

You've always been able to use your talents for speaking and writing to practical advantage. Certainly, on a business level, you are quick to recognize opportunity and the people who can help you turn the opportunity into a successful venture. If your talents are more artistic, you have a special flair for marketing your creativity and making it pay. There is usually a money issue with your personal relationships. Perhaps you met through work and there are shared financial interests. It could also be that you are more possessive than you appear or that money becomes a means of manipulation or a source of conflict. The way money is spent can be an indicator of values and priorities. Sometimes when couples disagree about those issues, they are really disagreeing about matters far more fundamental such as sex or emotional security.

Mars Opposition Saturn with an orb of less than 1/2 degree

Your emotional needs were not met when you were growing up and there was nothing you could do about it. Even today, you tend not to express anger or pain or resentment except when you are in an

infrequent rage. This is a problem in close relationships.

Mercury Square Uranus with an orb between 1/2 and 1 degree

Brilliant and original as you are, you can also be difficult and unpredictable. Close ties may complain they never know when you are going to show up or what you're planning next. You are easily bored and love people who can both stimulate and surprise you.

Moon Conjunct Saturn with an orb between 1 and 3 degrees

You don't have as much self-confidence as you appear to have. You long for love and affection but have never felt, since childhood, that you could have it, simply by being. You feel you have to earn it in some way. You like close ties to need and depend on you.

Moon Opposition Mars with an orb between 1 and 3 degrees

Your love-hate relationship with your mother has led to an emotional ambivalence in current close ties. You are, at once, very needy and very angry about your neediness. This may make you somewhat cantankerous at times. You are very quick-tempered.

Uranus Trine MC with an orb between 1 and 3 degrees

It's never been possible for you to live according to anyone else's timetable. For that reason, you prefer to work for yourself and make your own rules. In order for you to sustain a close, personal tie, you must find someone as independent as you are.

Neptune Trine Asc. with an orb between 1 and 3 degrees

You have a gentle, romantic, dreamy quality and people often find you mysterious or elusive. You have an uncanny facility to communicate with people without speaking and to tune into their innermost thoughts. You connect best with those equally sensitive.

Moon SemiSquare Asc. with an orb of less than 1 degree

You often feel emotionally misunderstood. You may have learned as a child to hide your true feelings in order to accommodate those around you. As an adult, your outer manner often belies your inner responses more than you may consciously realize or intend.

Mercury Quincunx MC with an orb of less than 1 degree

No one has ever quarreled with the obvious fact of your intelligence, however your ideas often put you at odds with people in positions of authority, leaving you with two alternatives: a continuous battle or a withdrawal into your own independent sphere.

Sun Sextile Asc. with an orb between 1 and 5 degrees

You have a strong, confident, expressive personality which inspires confidence in others. You often find yourself in a position of leadership as do your partners who are also dynamic and successful. Your relationships are marked by mutual respect.

Mercury Quintile Mars with an orb between 1 and 3 degrees

Your sense of humor is one of your outstanding qualities. It usually manifests as a rather wry wit. Anyone you're close to must share this sense of irony. You probably have a special talent or an absorbing interest. Your closest ties are likewise involved.

Venus Quintile Saturn with an orb between 1 and 3 degrees

While you may not be emotionally demonstrative or sentimental, you love deeply, lastingly and loyally. You may be strongly drawn to people either much older or much younger than you are. Love, for you, has always entailed an enormous amount of responsibility.

Sun Opposition Neptune with an orb between 5 and 8 degrees

Your father was either over-idealized or he was rejected as a role model. Either way, your concept of what a man should be is not based upon a mortal person, but upon an ideal. This may lead to unrealistic expectations in close personal relationships.

Pluto Opposition Asc. with an orb between 5 and 8 degrees

You are not always aware of your own magnetism. Others find you intense and, sometimes, controlling. You have such strong fears of losing relationships that sometimes you imagine that people are turning against you when the opposite is more often true.

Sun Square Uranus with an orb between 5 and 8 degrees

You are restless and independent and, no matter how close you become to someone, you always remain your own person and there is a part of yourself you cannot share. You are uncompromisingly true to your convictions which must be shared by those close to you.

Moon Trine Mercury with an orb between 5 and 8 degrees

You're sensitive and perceptive and in touch with your feelings. No matter how difficult a situation is, you feel you can deal with it if you can understand it. Someone who is less emotionally self-aware or expressive would make you feel uncomfortable. You like to discuss everything. Feelings that aren't acknowledged can't be discussed.

Venus Trine MC with an orb between 5 and 8 degrees

Love cannot exist for you without admiration and respect. You like to feel proud of your relationships

and often form close ties with those in positions of authority. You are socially conscious and attract friends and good fortune through your personal charm and talent.

Moon Conjunct Jupiter with an orb between 8 and 10 degrees

You tend to dramatize your emotional state. When things are going pretty well, you're in ecstasy-and when things are not all they might be, it's the worst despair that ever struck mankind. People may find you a bit self-absorbed or inflated at times.

Sun does not aspect Moon

Your parents' interests and emotional natures, while not in violent conflict, were so different it was hard to understand how they ever came together. You associate close relationships with both longing and loneliness and may be unclear about roles.
